Tofino is a pretty fishing village at the tip of Esowista Peninsula near the entrance to Clayoquot Sound on the west coast of Vancouver Island. Once a timber and fishing town, Tofino has become a favored destination for travelers from around the world. Local environmentalists and artists have banded together to suspend destruction of one of the last virgin timberlands on the west coast of Vancouver Island and halt the rapid development for which the area is ripe. Tofino boasts miles of sandy beaches to the south, islands of old-growth cedar, migrating grey whales, Hot Springs, sea lions, and a temperate climate. Tofino's docks bustle with local fishermen and act as launching points for numerous sea kayaking-, whale watching-, wildlife- and cultural tours.
